# Lifts and Slings

Yes, you can.®

- Battery Powered and Hydraulic Lifts
- Stand-Up and Heavy-Duty Lifts
- Full Assortment of Slings

The Invacare® line of Reliant™ lifts was conceived to help reduce the possibility of caregiver back injury and to ensure dignity in patient handling. These high-quality lifts are comfortable, reliable and integral tools for staff and caregivers. Using the lift for patient handling can help reduce staff injuries, save you money and reinforce safety as a priority in your health care facility. Invacare Reliant lifts support up to 450 pounds, making potentially challenging transfers smooth for the resident and caregiver. The high lift range allows easy access to tubs, chairs, commodes, floors and beds (with at least 4.5" under-bed clearance). Along with functional and innovative lifts, Invacare also offers facility assessment plans to further aid in your safety management program. Our all-encompassing lift system also includes in-service training, videos and an ergonomic safety plan. Our goal is to partner with you in lowering costs and protecting your staff from injury. The sturdy and practical design of Reliant lifts provides the solution you need for success in your quest to provide safe and effective health care.

Ask us about our injury prevention program.

### Invacare® Reliant 450 Hydraulic Lift

Model no. RHA450-1 Hydraulic Adjustable Base (shown), RHL450-1 Hydraulic Low Base Adjustable

- Pump mechanism allows transfers of up to 450 lb. with minimal effort
- Comfortable handle placement for ease of use
- Wide base for maximum stability
- Low maintenance
- Limited warranty includes three years on lift, one year on pump

### Invacare® Reliant 450 Battery-Powered Lift with Low Base

Model no. RPL450-1 Power with Low Base

- Removable battery easily charges overnight on wall-mounted charging station
- Equipped with a quiet, long-life motor
- Wide lift range for easier transfer
- Wide base for maximum stability
- 4.5" Under bed clearance
- Limited warranty includes three years on lift, one year on battery

**Invacare® Reliant 450** Model no. RPA450-1 Power with Adjustable Base

## Reliant Lift Features

- Height range allows lifting from floor and high surfaces
- Low friction casters significantly improve rollability and contribute to caregiver safety
- Removable battery pack eliminates downtime and simplifies the charging process
- Manual lowering for instant response to power loss
- Electronic system includes two 24-volt batteries: one for lift, one for battery-charging station; a manual emergency lowering device; and an anti-entrapment feature if boom meets any resistance while lowering
- Available with power opening base option (model no. RPL450-2)
- Multi-grip push handle is angled to minimize wrist strain
- Base legs adjust easily and lock securely into open position with the padded shifter handle or optional power option
- Total pinch-point protection covers all moving parts for added safety
- Padded swivel bar with 360° rotation and six-point hook-up allows use of Invacare chain-free slings as well as older style slings with chains or straps
- Attractive neutral design blends well into any environment
- Covered base provides protection against wear, dirt and moisture
- Manufactured in an ISO13485 facility

Complete instructions for lift usage and sling procedures are found in the Invacare Operating Manual.

Only Invacare slings and accessories should be used on Invacare lifts. (See listing page 8)

**Hand Pendant**

- Ergonomic control with heavy-duty cord
- Convenient pendant hook allows attachment and storage on multiple areas of lift

**Rear Locking Brakes**

- Locking feature on 5" rear casters is standard on all models

**Invacare® Reliant™ Digital Scale**

Model no. RLS6

- Retrofits on all Reliant 450/600 lifts. Model no. 9805 requires Reliant swivel bar (Part no. 1064518)
- Easy to operate, four-button display
- Automatic shut-off feature prolongs battery life
- Two-year limited warranty

**Manual Lowering**

- Manual emergency lowering feature gently and safely lowers resident in case of total power loss
- Essential safety feature
- Manual lowering is easy and effortless. Simply insert the end of a ball point pen into the hole marked "emergency" or lift on the accessible ring-pull

**Electronics**

- Removable battery box is conveniently located on mast; it features an emergency OFF button and beeps when battery needs to be recharged; requires one 24-volt battery
- Quick-release battery eliminates downtime
- Anti-entrapment feature stops motion if boom meets resistance while lowering
- Heavy-duty hand pendant and cord

**Charging Station**

- One 24-volt battery on mast with quick release
- Battery can be replaced immediately with second battery in wall-mounted charger
- UL listed and CSA certified

Comfortable and secure, the Invacare® Get-U-Up™ stand-up lift is the answer to your patient transfer needs. Its ergonomic styling and easy maneuverability make the Get-U-Up an ideal product for every day patient handling. The Get-U-Up helps ensure caregiver security and patient peace of mind. Ideal for use with partial weight-bearing patients as well as those needing rehabilitation support, the Invacare Get-U-Up stand-up lift offers safety, comfort and stability.

Model No. GHS350

## Features

- Innovative adjustment features adapt to a wide variety of body sizes and shapes. That means comfort at any height, width and weight range up to 350 lb.
- Low friction casters significantly improve rollability and contribute to caregiver safety
- Multi-function slings allow for quick toileting, stand-assist or full-support seated transfer
- Adjustable leg support features a soft pad with lateral contour that secures legs in multiple positions for comfort at any height
- Retractable, non-slip footplate provides stable base for transfer
- Under-bed clearance of 4.5" allows accessibility to most homecare-style beds
- Ergonomic features make it ideal for toileting transfers, as well as dependent and rehabilitation purposes
- Fast, simple sling attachment that protects against accidental disengagement; wide push handle, good access for clothing removal; and comfortable slings with extended back support that prevents pressure in the under arm area
- Pump handle can rotate from side to side for convenience of caregiver
- Limited warranty includes three years on the lift, one year on the hydraulic pump

\* Toileting sling allows superb access for hygiene and clothing removal, but patient must have full head and neck control for proper use of this sling.  
Only for use with Reliant 450 Lifts and Model No. 9805 Lifts.

Too often, manual patient transfers lead to caregiver back injuries. The Invacare 9805 and 9805P hydraulic lifts were created to make handling situations safer and affordable for everyone involved. With their slim design, these hydraulic lifts are versatile enough to use for most any and all patient transfers. The features of the 9805 and 9805P include a padded swivel bar and push handle, a 450-pound weight capacity, durable chrome-plated construction or painted finish and 360° patient rotation without side-to-side sway. Lightweight construction and easy disassembly allow for quick transport and setup. Indispensable to patients and caregivers alike, the 9805 and 9805P offer safety, comfort and stability. Most important, they offer peace of mind, which makes them valuable assets to your health care facility.

Model 9805 - Chrome

Model 9805P - Painted

## Features

- Six-point swivel bar attachment easily adapts to all sling styles and positions
- Low friction casters significantly improve rollability and contribute to caregiver safety
- 20"-64" range allows for patient to be picked up from lying position on floor
- Pump handle can rotate from side to side for convenience of attendant
- Offset mast and boom style provide better lift path, maximizing full travel range
- Swivel bar and pump handle are padded for comfort
- Elongated handle design serves a broad range of operator heights and offers improved handling ability
- Limited warranty includes three years on lift, one year on hydraulic pump
